

NorthEast LSA Expo

These seminars kick off the exciting annual NorthEast LSA Expo (a free event) which showcases the new FAA category of Light Sport Aircraft (LSA). How much do you know about Light Sport? In the most revolutionary change to general aviation rules in 50 years, the FAA added the Light Sport category for aircraft and pilots. So what is a Light Sport Aircraft? What can it do? What can't it do? What's the difference between a Sport Pilot and Private Pilot? Please see the "Additional Seminar Information" section for more information on these and other seminars at the 2013 NorthEast LSA Expo. See you there!

Directions: Please park on the grass. Seminars in white building.

A message from the National FAASTeam Manager

Invite a fellow pilot to the next WINGS Safety Seminar in your area.

Sign up for the FAA's safety services at www.FAASafety.gov!

The FAA Safety Team (FAASteam) is committed to providing equal access to this meeting/event for all participants. If you need alternative formats or services because of a disability, please communicate your request as soon as possible with the person in the "Contact Information" area of the meeting/event notice. Note that two weeks is usually required to arrange services.
